MRS. WM. ARCHER

Tells Mothers What To Do For Delicate Children.

"My fourteen-year-old daughter was very thin and delicate. She had a bad cough so that I became very much alarmed about her health. She was nervous and did not sleep well, had very little appetite and doctors did not help her. Having heard so much about Vinol, I decided to give it a trial. It has helped her wonderfully. She can sleep all night now without coughing once; in fact, her cough is gone. Her appetite is greatly improved and she has gained in weight. Vinol is a wonderful medicine, and I will always keep it in the house. I wish every mother knew what Vinol will do for delicate children." Mrs. Wm. Archer, 223 Broadway, Long Branch, N. J.

This delicious cod liver and iron preparation without oil is a wonderful body-builder and strength-giver for both young and old. We promise to give back your money in every such case where Vinol does not benefit. This shows our faith in Vinol.

An Old Virginia Law.
Virginia has an old law, dating back to the days of Patrick Henry, which prohibits rights-of-way being procured by condemnation proceedings through an orchard for a public road. Why an orchard was particularly designated for favoritism is not quite clear in these advanced days.

After Long Suffering

Women Are Constantly Being Restored to Health by Lydia E. Pinkham's Vegetable Compound.

"Worth mountains of gold," says one woman. Another says, "I would not give Lydia E. Pinkham's Vegetable Compound for all the other medicines for women in the world." Still another writes, "I should like to have the merits of Lydia E. Pinkham's Vegetable Compound thrown on the sky with a searchlight so that all suffering women could read and be convinced that there is a remedy for their ills."

We could fill a newspaper ten times the size of this with such quotations taken from the letters we have received from grateful women whose health has been restored and suffering banished by Lydia E. Pinkham's Vegetable Compound.

Why has Lydia E. Pinkham's Vegetable Compound accomplished such a universal success? Why has it lived and thrived and kept on doing its glorious work among the sick women of the world for more than 30 years?

Simply and surely because of its sterling worth. The reason no other medicine has ever approached its success is plainly and simply because there is no other medicine so good for women's ills.

Here are two letters that just came to the writer's desk—only two of thousands, but both tell a comforting story to every suffering woman who will read them—and be guided by them.

FROM MRS. D. H. BROWN.

Iola, Kansas.—"During the Change of Life I was sick for two years. Before I took your medicine I could not bear the weight of my clothes and was bloated very badly. I doctored with three doctors but they did me no good. They said nature must have its way. My sister advised me to take Lydia E. Pinkham's Vegetable Compound and purchased a bottle. Before it was gone the bloating left me and I was not so sore. I continued taking it until I had taken 12 bottles. Now I am stronger than I have been for years and can do all my work, even the washing. Your medicine is worth its weight in gold. I cannot praise it enough. If more women would take your medicine there would be more healthy women. You may use this letter for the good of others."—Mrs. D. H. Brown, 809 North Walnut Street, Iola, Kan.

Write to LYDIA E. PINKHAM MEDICINE CO., CONFIDENTIAL, LYNN, MASS., for advice. Your letter will be opened, read and answered by a woman and held in strict confidence.

MRS. WILLIAMS SAYS:

Elkhart, Ind.—"I suffered for 14 years from organic inflammation, female weakness, pain and irregularities. The pains in my sides were increased by walking or standing on my feet and I had such awful bearing down feelings, was depressed, in spirits and became thin and pale with dull, heavy eyes. I had six doctors from whom I received only temporary relief. I decided to give Lydia E. Pinkham's Vegetable Compound a fair trial and also the Sennal Wash. I have now used the remedies for four months and cannot express my thanks for what they have done for me."—Mrs. SADIE WILLIAMS, 455 James Street, Elkhart, Indiana.

TOBACCO BURNED AT COBB, KY.

Depredation is Thought to be Work of Night Riders—Great Excitement Prevails

Clarksville, Ky., Feb. 2.—The first instance of anything smacking of night-riding in this region since the stamping out of that practice about five years ago was the burning last night of a practically-filled car of tobacco that was being loaded on the Illinois Central tracks at Cobb, a way station between here and Princeton. The tobacco was being loaded for a dealer at Clarksville, who had bought it. It was handpacked in hogheads, each containing about 1,000 pounds. There were seven hogheads. The car was fired and burned, together with the contents. One report reaching here was that it was the work of a band of men, whether masked or not could not be determined. Another report was that it was not known exactly how the demonstration was accomplished or by whom. In both cases it was stated there was no clew to the identity of the parties. During the previous excitement, Cobb, was a military camp for a while, and soldiers were camped there for several weeks, on accounts of the depredations occurring in that vicinity.
